HAFNER:
Cooking the art
of fine pastry
since 1929.

The history of HAFNER has been written since 1929, the year when Joannès Hafner, a watchmaker by profession, had to change jobs for health reasons. He will choose the pastry... Since then, HAFNER has been working every day to offer you ever tastier products. A name for two complementary activities: ready-to-garnish and ready-to-sell.

In Canada, HAFNER manufactures in its workshops in PORTNEUF, BELOEIL or LÉVIS a wide variety of pastry products, offering gourmets a journey full of flavors.

HAFNER is pastry for everyone, because gluttony is not a bad thing, and you won't tell us otherwise!
